There are many ways in which you can bet on the NHL with a long list of markets available on every game of the season. The main three markets on the NHL and the most popular markets are Money Line, Puck Line, and Goal Totals. Money Line is the simplest form of NHL betting whereby you're picking which team you think will win. Puck Line or NHL against the spread, is taking a team at -1.5 or + 1.5 goals, where the odds change rather than the spread like in the NFL or NBA. Goal Totals is an over/under market on how many combined goals will be scored in the match. Here at Pickswise we analyze every game of the NHL season and give our expert view on which side of these lines we like, and why.

NHL Betting Today

The NHL action comes thick and fast throughout the regular season with each team playing 82 games, totaling 1,271 total regular-season games. Here at Pickswise, we are here to bring expert NHL betting analysis and advice for every single game of the NHL season. We address all of the popular NHL betting markets such as the Money line, Puck Line or Against the Spread, Goal totals and select player and team prop bets. Check out all of today's NHL betting content right here on the NHL betting page.

The 0 (single zero) and the 00 (double zero) are the green slots on the roulette wheel. These pockets could receive a 35:1 payout if hit straight up. If there's a split, the payout could be 17:1. This type of bet is somewhat risky, but the payouts could be worth it.

[dpsport bet](#)

As a general rule, 0 or 00 (the latter being mostly on American wheels but not elsewhere) will pay 35:1 odds just as any other single number bet. Of course, the zero(s) are the key to the house having an edge that guarantees that they make money in the long term.
